CALL CENTER

TRAINING & SUPPORT

Since the early 1990's Camis has developed solutions to assist park organizations in serving their patrons. Everest is Camis' latest reservation and park management solution which has been built with attention to speed, security, ease-of-use, and scalability. Everest gives enterprise-level functionality, such as transaction processing through multiple sales channels, while maintaining site level control of resources.

Everest's strengths include:

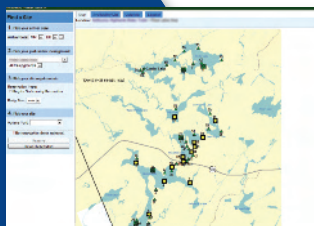

- Reservation and Permit Tracking
- Customization to Client Business Rules
- Real-time Transaction Processing
- Cash Control
- User Friendly, Step-By-Step Processes
- Feature Rich, Easy-To-Use Reservation Website
- Website Branding to Match Client Organization's "Look and Feel"
